Asbestos Removal

Project Name: KFC Bridgewater, Somerset.

Project Brief

SCK Group Ltd were contracted to carry out the removal of asbestos insulating board situated within the kitchen area of KFC Bridgewater, the complexity of this project was that SCK had to remove the existing ceilings within the servery areas along with all air extraction systems within the cooking area to enable the safe removal under fully controlled conditions.

Upon completion of this project all of the air extraction ducting and ancillary plant was reinstated to enable the store to open in the shortest time frame possible to ensure the business was not dramatically affected on loss of revenue, SCK provided a full turn key package to minimise disruption to fully satisfy the clients requirements.
