Asbestos Removal

Project Name: College in Hertfordshire

Project Scope: Asbestos remedial works to the 5 plant/ boiler rooms

Project Value: £76,000.00

Project Brief

SCK Group were directly contracted by the College to undertake the asbestos remedial works to the 5 plant/ boiler rooms as part of their asbestos management program and to facilitate the damp proof engineers.

Works comprised of removal of environmental cleans, removal of flaking paint and encapsulation of walls and ceilings containing asbestos thermal residues under fully controlled conditions.

The project was carried out over the summer 2021 holiday break period and was completed ahead of schedule with multiple enclosures running concurrently.
