## Demolition

**Project Name:** Watford School

**Project Scope:** Demolition of Science Block

### Project Brief

SCK Group Ltd were successful in obtaining the full demolition of the science block at the school, the project brief was once all asbestos containing materials had been removed throughout the building by SCK Group Ltd over a 5 week duration project, the demolition of the entire structure would take place utilising our two 30 ton demolition specification machines fitted with shears and selector grabs to enable the safe demolition of the building.

With careful planning and logistics of our haulage this project was completed within 8 days and the site handed back to the client under the timescale they required to enable their construction phase to start ahead of schedule.
