

## Case Study

### Demolition

**Project Name:** The Old Post Office, Warrington:

**Project Scope:** Demolition of internal structure and asbestos removal.

#### Project Brief

SCK Group were instructed to carry out the complete strip out of walls, ceilings and floors. As well as the installation of structural steel work to load bearing walls and new lift shafts. Concrete cutting to floors to facilitate new smoke ventilation shafts throughout the building, asbestos removal from the entire roof void to create new openings for the windows and installation of new lintels to openings.

This project was challenging due to the proximity of residential properties and retailers located on the ground floor of the building. Careful planning and execution of this project were crucial in order to adhere to the strict deadlines for noise restrictions, waste movement and the asbestos removal project. All running concurrently to ensure this project was delivered on time so that the project remained within budget and fulfilled the client's expectations.
